Verse 1

My soul is thirsty, I long for You
My heart feels empty when I'm far from You
I need Your Spirit, I need Your touch
Pour out Your grace, Lord, we need it so much

Pre-Chorus 1

You spoke the sun, You breathed the stars
And You hold them all
Who can compare, Almighty One

Chorus

There is nothing too big for my God
No mountain's too high with my God
No road is too long, because of my Jesus
I'm soaring on wings with my God
I'll never let go, cos He is my everything
And nothing's too big for my God

Verse 2

I long to feel You... here in this place
I can't wait to meet You... one day face to face
I worship You, God... with all my soul
You are the true God... come make me whole

Pre-Chorus 2

How beautiful, Your name O God
I stand in awe
I trust in You and You alone, and I will lift my voice and sing
